## Junior SKIDS will have time for precious childhood memories

The success of Junior SKIDS in previous holidays will be continued over the summer to allow children the time to unwind from structure, enjoy a childhood and let their imaginations run wild. We've slowed the pace and made time for memories to emerge.

We'll also be having Lego Masters challenges, cooking up a storm in our Kitchen-Garden Program, going on nature walks, building cubbies, making crafts caring for our Farmhouse animals and some traditional summer fun !
