Jump, climb and laugh your way through an energetic day of fun on the mountain !

## There's time for precious childhood memories.....

Our little people enjoy a slower pace during their kinder/junior primary holiday period. The Junior SKIDS program provides engaging age-appropriate activities and responds to children's areas of interest, all the while making time for memories to be made.

Activities may include the likes of cooking up a storm in our Kitchen-Garden program, having Lego Masters challenges, going on nature walks, building cubbies, making crafts and caring for our Farmhouse animals.
